

Technopc Pro WORKSTATION

WST4CR13H6D4

Long-Lasting Performance!

Technopc carries you forward in both business and gaming worlds by offering computer solutions equipped with the latest technology. With the Intel Core i9-13900F processor, 32 GB DDR4 RAM and 1 TB SSD, you can manage the most intensive operations quickly and smoothly and access your data instantly. 650W PSU provides uninterrupted energy to your system and ensures that it always operates at high performance.

While Technopc saves space in your office or playground with its compact and stylish design, it does not compromise on performance with its powerful hardware components. High speed, large storage space and energy efficiency all together.

Technical Specifications
